"As a **data scientist**, I want to **transfer my notebook data visualizations onto a customized dashboard and upload the dashboard to a website** so that I can **share my ever-changing data with the world**."

Transfer notebook data visuals to a dashboard	Customize layout and appearance	Publish the dashboard
View cell output before dragging onto dashboard	Rearrange the layout	Save and export the dashboard
Drag output cells onto a dashboard	Change font, color, and size of markdown text	Upload dashboard as an interactive web-app
	Change an element's background color	Edit existing dashboards
	See live updates as changes are made
